

A BIG DAY SATURDAY AT FITTS'

WRAPPERS PARTICULARLY

We put on sale **Five Dozen Wrappers at 69c Each.** We do not call them \$1.00 Wrappers, although many would sell them at that price. We call them an extra good value at 89c each. They come in pretty greys, reds, blues and black and white, very pretty patterns, in sizes from 32 to 42. If you were disappointed by being too late to get one or more of these specials in our previous sales, **now is your chance at 69c**

SPECIALS NOT ADVERTISED

Besides the above (Wrappers at 69c) we shall put on our counters about a dozen different lots, each one distinguished by a card "Specials Not Advertised." We will simply say that every article so marked is as big a special as we have advertised this season. If they interest you it will mean a big saving.

Come Early.

WAY TO TREAT HAY FEVER

No Stomach Dosing—Just Breathe Hyomel—Stops Sneezing and Smarting.

Rickert & Wells of the Red Cross Pharmacy are recommending to their customers, as a cure for hay fever, Hyomel.

It is claimed for this remedy that it stops the spasmodic paroxysms, the sneezing, the smarting and running of the eyes and nose, and other acute symptoms of this disease.

Many persons have been cured of hay fever by Hyomel, and the discoverer of the remedy professes to be able to prevent both the occurrence of the annual attack and to stop the progress of the disease, even in the most chronic forms. A Hamblin of Westford, Mass., writes: "Hyomel cured me of hay fever in one week's time. I consider it a duty to tell others who suffer from this disease."

This endorsement is only one of hundreds that have been received by the proprietors of Hyomel, and Rickert & Wells offer to refund the money if Hyomel does not do all that is claimed for it, which is the strongest proof that can be given as to the confidence they have in Hyomel's power to cure hay fever. The complete outfit costs but \$1.00, while extra bottles can be procured for 50 cents.

MARSHFIELD.

PAINTS

You could not ask for a better time to paint outside than now, as it rains just often enough to keep the dust down and paint dries very quickly, besides oil and lead, or mixed paint, will strike into the fibres of wood better when put on in warm weather. We have a strictly pure lead "Old Process" and pure linseed oil. Also "Town and County" brand of Mixed Paint, which we have sold for about twenty years. None better made. Requires much thinning and oil is low now.
